

*I'm keeping up with
my grandkids.*

*Since my knee replacement surgery, I can
play with and care for my grandchildren
with confidence.*

Becky Hearn, retired preschool teacher, Greenwood, SC

Becky Hearn loves children. Hundreds of kids in Greenwood have fond memories of Ms. Becky's patient, loving, and attentive care during the years she worked at Noah's Ark Preschool at First Presbyterian Church. But when Becky got the happy news a few years ago that she was going to be a grandmother, she worried about her arthritic knee. It was becoming painful and unreliable, and it might make it difficult for her to play with and care for her grandchildren the

way she wanted. She had to trust her knee. It was time to stop the pain. She chose to have her knee replacement surgery at Self Regional and now she's having the time of her life with her grandkids... and without the pain.

If joint pain is keeping you from doing what you love, call the South Carolina Joint Center today at (864) 725-6468.
